

# ANGUS MCFADDEN

## PARTNER

### ABOUT

Angus McFadden is a construction lawyer with nearly twenty years' experience representing clients in a variety of industries on projects ranging in value from US\$10 million to more than US\$10 billion. Formerly a partner at King & Spalding, an AmLaw 25 firm, Mr. McFadden left that firm and opened Angus McFadden Law, P.C. in the fall of 2018. Mr. McFadden is a Registered Civil Mediator with Georgia Office of Dispute Resolution.

Throughout his career, Mr. McFadden has taken a business-minded approach and leveraged his ability to understand people and their motivations to get the deal done or the conflict resolved, and he continues to bring that experience and mindset to his practice today.

Mr. McFadden's experience encompasses large, complex construction projects, and he has worked on major commercial, industrial, and infrastructure projects throughout the U.S. and around the world. A significant portion of Mr. McFadden's practice has involved representing owners, and he understands the particular issues that owners face on construction projects. Some recent examples include sports stadiums, mixed-use commercial developments, hotels, liquefied natural gas (LNG) liquefaction and export terminals, LNG import terminals, petrochemical facilities, natural gas and NGL pipelines, fossil-fuel and solar power plants, water projects, and natural gas storage facilities. A more detailed list of representative matters is set forth below.

Mr. McFadden has extensive international experience. He lived and practiced in the United Arab Emirates and has worked on projects in the Middle East, Asia, Africa, Mexico and South America, in addition to his experience in the United States.

Mr. McFadden has historically been ranked for construction law in Chambers USA, The Best Lawyers in America, Legal 500, and Who's Who Legal: Construction.
